

Senior Art Exhibition

The Senior Art Exhibition in the Morrissey Gallery is a capstone experience for any art major or art minor. St. Ambrose art students explore programs in graphic design, painting, book arts, and art education. Each of these four disciplines allows for a high degree of personal exploration and creativity and our senior art majors and minors have created work that reflects their unique passions. Our program provides aspiring artists, designers, and educators the opportunity to excel at what they love.

2019
